

Capital Project Reconciliation Committee

Purpose

To coordinate the campus response to the changing environment for existing and planned capital projects.

Committee Composition

Membership

- Vice Chancellor for Academic Affairs and Provost, Chair
- Vice Chancellor for Administration and Operations
- Vice Chancellor for Research and Innovation
- Vice Chancellor for Institutional Advancement

Ex officio

- Associate Vice Chancellor and Executive Director for Facilities and Services
- Associate Chancellor and Vice Provost for Budget and Resource Planning
- Assistant Provost for Capital Planning
- Assistant Vice President for Capital Programs and Utility Services

Meeting Frequency

- Quarterly

Process

The committee will consider the campus's strategic response to changing circumstances for existing and planned capital projects (e.g., unanticipated costs, etc.) and the emergence of new opportunities (e.g., unexpected donor interest, new RFPS, state mandates, etc.) in the broader context of established priorities, existing commitments, emerging goals, and the overall campus budget.

The Provost will set the agenda for discussion, with input from stakeholders. In turn, the Executive Director and for Facilities and Services and the Assistant Provost for Capital Planning will prepare background information for discussion, including potential options.

Final decisions rest with the Chancellor and the Provost.
